**Trombetta Presents at MSOE's Rapid Prototyping Consortium November 16, 2007**

Don Caldwell, Manager of Product Development at Trombetta will be the guest speaker at MSOE Rapid Prototyping Consortium conference on November 16, 2007 at the Hotel Metro located at 411 East Mason Street, Milwaukee, Wisconsin.

Mr. Caldwell will share how Trombetta utilizes the MSOE Rapid Prototyping to successfully meet near-impossible customer demands.

Based in Menomonee Falls, Wisconsin, Trombetta has been a leading manufacturer of industrial work solenoids, DC contactors, electronic controls, and engineering services for 75 years.

Located in downtown Milwaukee (1025 North Broadway Street), Milwaukee School of Engineering's Rapid Prototyping Center is dedicated to the application of new and advanced rapid prototyping technologies.
